AREAS AFFECTED BY THE WEATHER SYSTEMS

SHEARLINE, EASTERLIES, NORTHEAST MONSOON, THUNDERSTORMS AND MODERATE TO HEAVY RAINS

- Suspend field operations (spraying, fertilizing, harvesting) during thunderstorms and lightning.
- Ensure the safety of workers; avoid open fields and tall trees.
- Inspect crops after the storm for lodging and damage; immediately repair trellises.
- Check irrigation and drainage lines for possible damage.
- Secure seedbeds, greenhouse covers, and trellises against cold and strong winds.
- Prepare windbreaks for vegetables and seedlings.
- Adjust irrigation by reducing watering, as evapotranspiration is slower.
- Monitor vegetables (lettuce, pechay, cabbage) for cold stress and use mulch when necessary.

SA MGA LUGAR NA APEKTADO NG WEATHER SYSTEMS

SHEARLINE, EASTERLIES, AMIHAN, PAGKIDLAT-PAGKULOG, AT KATAMTAMAN HANGGANG MALAKAS NA PAG-ULAN

- Itigil ang field operations (spraying, fertilizing, harvesting) kapag may kulog at kidlat.
- Siguruhing ligtas ang manggagawa; iwasan ang bukas na bukid at mataas na puno.
- Suriin ang taniman pagkatapos ng bagyo para sa lodging at pinsala; ayusin agad ang trellis.
- I-check ang irrigation at drainage lines para sa posibleng sira.
- I-secure ang seedbeds, greenhouse covers, at trellises laban sa malamig at malakas na hangin.
- Maghanda ng windbreaks para sa gulay at punla.

- I-adjust ang irrigation: bawasan ang patubig dahil mas mabagal ang evapotranspiration.
- Bantayan ang cold stress sa gulay (lettuce, pechay, repolyo); gumamit ng mulch.

I-secure ang mga nursery, trellis, at windbreaks para protektahan ang pananim mula sa malakas na hangin at matindang ulan. Aniin nang maaga ang mga hinog o malipit nang hinog na pananim kapag inaaahanan ang matagal na pag-ulan. Patuyuin at itago ang ani sa mabubungad, mataas, at maayos na bentiladong lugar upang maiwasan ang pagkasira. Subaybayan ang pananim laban sa peste at sakit, lalo na ang fungal infections sa basa at mahalumigmig na panahon, at agad na gumawa ng angkop na kontrol kapag pinahihintulutan ng panahon. Makipag-ugnayan sa Municipal/City Agriculture Office at regular na sundan ang DOST-PAGASA advisories para sa pinakabagong impormasyon at gabay.</p> |
