**AREAS AFFECTED BY THE WEATHER SYSTEMS**

**SOUTHWEST MONSOON, TROUGH OF TD KROVANH, THUNDERSTORMS AND MODERATE TO HEAVY RAINS**

- Inspect crops regularly for signs of flooding, waterlogging, pest infestations, and disease outbreaks, and implement appropriate control measures as soon as conditions permit.
- Secure greenhouses, nurseries, seedbeds, storage facilities, and other farm structures by reinforcing roofs, coverings, and loose materials against strong winds.
- Avoid field operations during thunderstorms to protect farmers and workers from lightning, strong winds, and other weather-related hazards.
- Check irrigation systems, pumps, and drainage facilities after heavy rains, and repair any damaged or blocked sections to restore efficient water management.

- Prepare contingency plans for harvesting, post-harvest handling, transportation, and marketing to minimize production and economic losses during prolonged adverse weather conditions.
- Stay alert and informed! Always follow the latest weather advisories from local authorities and your local government. Keep updated through the official DOST-PAGASA website, social media accounts, and PANaHON App for timely weather information, warnings, and safety updates.

| FISHING ADVISORY                                                                                                                                                                                                                                                                        |

**SA MGA LUGAR NA APEKTADO NG WEATHER SYSTEMS**

**HABAGAT, TROUGH OF TD KROVANH, PAGKIDLAT-PAGKULOG AT KATAMTAMAN HANGGANG MALAKAS NA PAG-ULAN**

- Regular na suriin ang mga pananim upang matukoy ang mga palatandaan ng pagbaha, waterlogging, pagdami ng peste, at pagkalat ng mga sakit, at agad na magsagawa ng angkop na mga hakbang sa pagkontrol kapag ligtas na ang kalagayan. .

- Patibayin ang mga greenhouse, nursery, punlaan, imbakán, at iba pang estruktura sa sakahan sa pamamagitan ng pagsasaayos at pagpapatatag ng mga bubong, takip, at maluluwag na bahagi upang mabawasan ang pinsala dulot ng malalakas na hangin.
- Iwasan ang pagsasagawa ng mga gawaing pangbukid habang may pagkulong at pagkidlat upang maprotektahan ang mga magsasaka at manggagawa laban sa kidlat, malalakas na hangin, at iba pang panganib na dulot ng masamang panahon.
- Suriin ang mga sistema ng irigasyon, mga bomba ng tubig, at mga pasilidad ng paagusan pagkatapos ng malalakas na pag-ulan, at agad na kumpunihin o alisin ang anumang bara o sira upang maibalik ang maayos na pamamahala ng tubig.
- Maghanda ng contingency plan para sa pag-aani, pangangasiwa pagkatapos ng anihan, transportasyon, at pagbebenta ng ani upang mabawasan ang pagkalugi sa produksyon at kabuhayan sa panahon ng matagal na masamang lagay ng panahon.
- Laging makinig sa mga payo ng awtoridad at lokal na pamahalaan para sa mga ulat panahon. Maging updated sa DOST-PAGASA website, social media, at PANaHON App.

| <p><b>Legend</b></p> <ul style="list-style-type: none"><li>DRY (0-75mm)</li><li>MOIST (76-150mm)</li><li>WET (&gt;150mm)</li></ul> | <p><b>EL NIÑO</b></p> <p><a href="https://pubfiles.pagasa.dost.gov.ph/climps/climateforum/outlook.pdf">https://pubfiles.pagasa.dost.gov.ph/climps/climateforum/outlook.pdf</a></p> <p>Kasalukuyang umiiral ang katamtamang hanggang s amalakas na El Niño sa Tropical Pacific. Ayon sa mga climate model, inaasahang magpapatuloy ang El Niño hanggang sa unang kalahati ng 2027 at may posibilidad na maging mas malakas bago matapos ang 2026.</p> <p>Pinapayuhan ang mga magsasaka na magtipid sa tubig, panatilihin ang irigasyon, at mag-apon ng tubig-ulan upang matiyak ang suplay ng tubig sa panahon ng El Niño. Gumamit ng mga pananim na matibay sa tagtuyot at mga pamamaraan sa pagpapanatili ng halumigmig ng lupa. Regular na subaybayan ang mga update ng DOST-PAGASA at iangkop ang mga gawaing pansaka ayon sa kondisyon ng panahon. Bagama't mas tuyo ang karaniwang kondisyon, maaari pa ring magkaroon ng localized thunderstorms na may malakas na ulan, hangin, pagkidlat, at posibleng biglaang pagbaha.</p> |
